Introduction

New course attributes are added to the Student Information System (SIS) to trace the number of HKU courses related to the United Nations Sustainable Development Goals (SDGs). Department and faculty staff shall assign relevant SDGs to the existing courses.

Course Attributes under SDGs

SIS course attributes are used to assign the relevant SDGs to the selected course. The attribute type is “SDGS”, meaning “Sustainable Development Goals”. Here are the available values:

- SDG01 - No Poverty
- SDG02 - Zero Hunger
- SDG03 - Good Health & Well-being
- SDG04 - Quality Education
- SDG05 - Gender Equality
- SDG06 - Clean Water & Sanitation
- SDG07 - Affordable & Clean Energy
- SDG08 - Decent Work & Economic Growth
- SDG09 - Industry, Innovation & Infrastructure
- SDG10 - Reduced Inequalities
- SDG11 - Sustainable Cities & Communities
- SDG12 - Responsible Consumption & Production
- SDG13 - Climate Action
- SDG14 - Life Below Water
- SDG15 - Life on Land
- SDG16 - Peace, Justice & Strong Institutions
- SDG17 - Partnerships for the Goals

Notes of Using Course Attributes

If you want to use Course Attributes in “Course Catalog” to specify courses related to the SDGs, you only need to input SDG attributes in Course Catalog.

1. Login SIS > Curriculum Management > Course Catalog > Course Catalog
2. Search by subject and catalog number under Correct History Mode
3. Input/update course attributes, including SDG as one of the attribute values. You can input more than one attribute values, such as SDG01, SDG02, SDG03. Press the “Save” button to save these records.
4. Course attributes will be used to record SDG related course data.

Choosing the right SDG for Courses

Department and faculty staff shall determine whether the course content of existing courses covers the topics or keywords of relevant SDGs using information from the course title, course description, and/or course syllabus. It is recommended that course instructors shall be consulted on selecting the appropriate SDGs. Department and faculty staff can also contact the Sustainability Office for additional assistance, if necessary.

Please refer to the topics, keywords, and example courses provided below for each SDG.
Aim of This Goal:
End Extreme Poverty in all Forms

Topics covered under this SDG include:
- Poverty Eradication
- Child Poverty
- Social Protection
- Access to Basic Services
- Resilience to Vulnerable Situations
- Government Programmes on Poverty Reduction
- Government Policies on Poverty Reduction

Keywords:
- Africa
- Basic Services
- Class
- Developing Countries
- Disadvantaged
- Economic Resources
- End Poverty
- Environment
- Equality
- Extreme Poverty
- Financial Inclusion
- Income
- Income Equality
- Microfinance
- Non-discrimination
- Poor
- Poor and Vulnerable
- Poverty
- Poverty Eradication
- Poverty Line
- Quality of Life
- Resources
- Social Protection Systems / Social Protection
- Sustainable
- Third World
- Vulnerable
- Wealth Distribution

Examples of Related courses:
- The Political Economy of Growth and Poverty in the World
- China: Environment and Sustainable Development
- Powering Modern Society: Energy, Environment and Politics
Aim of This Goal:
End Hunger, Achieve Food Security and Improved Nutrition and Promote Sustainable Agriculture

Topics covered under this SDG include:
- Food Accessibility
- Malnutrition
- Agricultural Productivity
- Sustainable and Resilient Agricultural Practices
- Food Productivity
- Genetic Diversity of Seeds, Cultivated Plants and Farmed and Domesticated Animals
- Investments in Agricultural Sector
- World Agricultural Markets
- Food Commodity Markets

Keywords:
- Agricultural Orientation index
- Agricultural productivity
- Agriculture
- Consume
- Crop diversity
- Crops
- Doha Development Round / Doha Round
- End hunger
- Environment
- Food
- Food gap
- Food production
- Food reserves
- Food Security
- Genetic diversity
- Genetic diversity of seeds
- Genetics
- Hunger
- Hungry people
- Improved nutrition
- Innovations and health
- Legumes
- Maize
- Malnourished
- Malnutrition
- Nutrition
- Nutritional needs
- Nutritious
- Poverty
- Produce
- Productivity
- Quality of Life
- Resilient Agriculture
- Rural Infrastructure
- Small-scale Food Producers
- Stunted Growth
- Stunting
- Sufficient Food
- Sustainable
- Sustainable Agriculture
- Sustainable Food Production
- Trade Diversity
- Trade Restrictions
- Under Nourished / Undernourished
- Wasting
- World’s hungry

Examples of Related courses:
- Sustainable food production
- Food, Environment and Health
- Food Safety and Quality Management
Aim of This Goal:
Ensure Healthy Lives and Promote Well-being for All at All Ages

Topics covered under this SDG include:
- Global Maternal Mortality
- New-born and Children Deaths
- Epidemics of Aids, Tuberculosis, Malaria and Neglected Tropical Diseases and Combat Hepatitis, Water-Borne Diseases
- Premature Mortality
- Treatment of Drug and Alcohol Abuse
- Road Traffic Accidents
- Sexual and Reproductive Health-Care Services
- Universal Health Coverage
- Financial Risk Protection
- Access to Quality Essential Health-Care Services, Medicines and Vaccines
- Deaths and Illnesses From Hazardous Chemicals and Air, Water and Soil Pollution and Contamination
- Tobacco Control
- Research and Development of Vaccines and Medicines for Developing Countries
- Global Health Risk Reduction and Management

Keywords:
- Access to clean water and sanitation
- Affordable Medicines
- AIDS
- Air Contamination
- Air Pollution
- Alcohol Abuse
- Antenatal Care
- Antiretroviral
- Antiretroviral Therapy
- Biomedical
- Bodily Autonomy
- Child Deaths
- Contraceptive Use
- Death Rate
- Dental
- Disability and Family Support
- Disability and Inclusion
- Disability and Politics of Location
- Diseases
- Family Planning
- Health
- Health in Resource-constrained Settings
- Health Worker Density
- Healthy
- Healthy Lives
- Hepatitis
- HIV
- Improving mortality
- Increasing life expectancy
- Indigenous
- Infected
- International health policy
- International health regulations
- Malaria
- Maternal mortality
- Measles
Keywords (Con’t):
- Medical
- Mental health
- Mortality
- Mortality rate
- Narcotic drug abuse
- Neonatal mortality
- Polio
- Premature mortality
- Preventable deaths
- Reducing malaria
- Reducing mortality
- Refugees and health services
- Reproductive health
- Road traffic accidents
- Sexual and reproductive health-care
- Sexual health
- Soil contamination
- Soil pollution
- Tobacco control
- Treatment of substance abuse
- Tuberculosis
- Universal health
- Universal health coverage
- Vaccines
- Vaccines in developing countries
- Violence
- Water, Sanitation and Hygiene for All
- Water-borne disease
- wellbeing/well being/well-being
- World Health Organisation

Examples of Related courses:
- Cancer Genetics
- Environmental Health Assessment
- Health and Society
- Children and youth mental health
Aim of This Goal:
Ensure Inclusive and Equitable Quality Education and Promote Lifelong Learning Opportunities for All

Topics covered under this SDG include:
- Equal Opportunity for Completing Primary and Secondary Education
- Equal Opportunity for Accessing Pre-Primary Education
- Equal Opportunity for Completing Tertiary Education
- Vocational Skills Development for Youth and Adults
- Equal Access to All Levels of Education and Vocational Training for The Vulnerable
- All Youth to Achieve Basic Literacy and Numeracy Ability
- Education for Sustainable Development
- Build and Upgrade Education Facilities for The Child, Disability and Gender Sensitive
- Teacher Training for Least Developed Countries

Keywords:
- Global citizenship
- Global education
- Inclusion and education
- Inclusive
- Innovation
- International cooperation
- Learning opportunities
- Lifelong learning
- Literacy
- Literacy skills
- Numeracy
- Pre-primary education
- Primary education
- Qualified teachers
- Refugees and learning
- Scholarships
- School
- School enrolment
- Secondary education
- Teacher training
- Universal education
- Vocational training
- Vulnerable
- Women's rights

Examples of Related courses:
- Equity and Social Justice in Education
- Education for sustainable development
- School and society: Understanding the processes and contexts of education
Aim of This Goal:
Achieve Gender Equality and Empower All Women and Girls

Topics covered under this SDG include:
- Women Discrimination
- Violence Against Women
- Eliminate Harmful Practices - forced Marriage and Genital Mutilation to Women
- Recognize and Value Unpaid Care and Domestic Work
- Women Leadership
- Universal Access to Sexual and Reproductive Health and Reproductive Rights
- Equal Rights for Women to Own Economic Resources
- Enabling Technology to Promote the Empowerment of Women
- Gender Equality Legislation

Keywords:
- Humanitarian
- Marginalised
- Parity
- Pay
- Reproductive rights
- Sexual and reproductive health
- Sexual exploitation
- Sexual violence
- Social inclusion
- Trafficking
- Universal health coverage
- Violence
- Violence against girls
- Violence against women
- Women
- Women in work
- Women’s rights
- Workplace Equality

Examples of Related courses:
- Gender and crime
- Gender and discourse
- Gender and history: Beauty, fashion and sex
Aim of This Goal:
Ensure Availability and Sustainable Management of Water and Sanitation for All

Topics covered under this SDG include:
- Access to Safe and Affordable Drinking Water
- Sanitation and Hygiene Services
- Wastewater Treatment
- Watershed Management
- Water-Use Efficiency
- integrated Water Resources Management
- Water-Ecosystems
- Capacity Building on Water and Sanitation Programmes
- Local Communities in Water and Sanitation Management

Keywords:
- Infrastructure
- Irrigation
- Lakes
- Latrines
- Open defecation
- Pollution
- Recycled water
- Reuse
- River basins
- Rivers
- Safe drinking water
- Sanitation
- Sanitation and hygiene
- Sanitation management
- Sewerage
- Sustainable water management
- Sustainable withdrawals
- Third world
- Toilets
- Untreated wastewater
- Urban
- Waste
- Wastewater
- Wastewater treatment
- Water
- Water access
- Water disasters
- Water ecosystems
- Water efficiency
- Water harvesting
- Water quality
- Water resources management
- Water scarcity
- Water supply
- Water-related ecosystems
- Water-use efficiency

Examples of Related courses:
- Municipal wastewater treatment
- Urban hydrology and water quality
- Water resources and management
Aim of This Goal:
Ensure Access to Affordable, Reliable, Sustainable and Modern Energy for All

Topics covered under this SDG include:
- Affordable, Reliable and Modern Energy Services
- Renewable Energy
- Fuel Mix
- Energy Efficiency
- International Cooperation on Clean Energy Research and Technology
- Infrastructure and Technology Upgrade
- Sustainable Energy Services in Developing Countries

Keywords:
- Fossil-fuel
- Green economy
- Greenhouse gas
- Greenhouse gas emissions
- Hydroelectric
- Low carbon
- Modern electricity
- Modern energy
- Reliable energy
- Renewable
- Renewable energy
- Renewable power
- Solar
- Solar energy
- Solar power
- Sustainable energy
- Sustainable energy services
- Sustainable power
- Vehicles
- Wave
- Wind
- Wind power
- Wind turbine
- Wood

Examples of Related courses:
- Energy: Its Evolution and Environmental Impacts
- Environmental Pollution in China
- Nuclear energy
Topics covered under this SDG include:

- Economic Growth at Least Developed Countries
- Increase Economic Productivity Through Diversification, Technological Upgrading and innovation
- Policies on Supporting Productive Activities, Decent Job Creation, Entrepreneurship, Creativity and innovation
- Global Resource Efficiency in Consumption and Production
- Decouple Economic Growth from Environmental Degradation
- Reduce Unemployment
- Reduce Number of Youth Not in Employment, Education or Training
- Eradicate forced Labour, End Modern Slavery and Human Trafficking
- Protect Labour Rights
- Safe and Secure Working Environment
- Promote Sustainable tourism
- Improve Access to Banking, insurance and Financial Services
- Trade Support for Developing Countries
- Global Strategy for Youth Employment

Keywords:

- Gross domestic product growth
- Human trafficking
- Inclusive economic growth
- Innovation
- Insurance
- Job creation
- Jobs
- Labour market
- Labour rights
- Microfinance
- Migrant workers
- Modern slavery
- Poverty eradication
- Poverty line
- Productive employment
- Productivity
- Public policy
- Quality jobs
- Quality of life
- Resource efficiency
- Safe work
- Secure work
- Slavery
- Social policies
- Society
- Stable employment
- Stable jobs
- Sustainable consumption
- Sustainable economic growth
- Sustainable production
- Sustainable tourism
- Trade
- Unemployment
- Well-paid jobs
- Women migrants
- Work
Keywords (Con’t):
- Work opportunities
- World trade
- Youth employment
- Youth unemployment

Examples of Related courses:
- Entrepreneurship in Emerging Markets
- Growing Social Enterprises
- Social entrepreneurship and innovation
Aim of This Goal:
Build Resilient Infrastructure, Promote Inclusive and Sustainable Industrialization and Foster Innovation

Topics covered under this SDG include:
- Develop infrastructure for Rural Areas
- Trans-border infrastructure
- Sustainable industrialization
- Small-Scale industries
- Upgrade infrastructure and Retrofit industries
- Scientific Research, Upgrade The Technological Capabilities of industrial Sectors
- Financial, Technological and Technical Support to Developing Countries
- Domestic Technology Development, Research and innovation in Developing Countries
- Access to information and Communications Technology in Developing Countries

Keywords:
- Mobile networks in developing countries
- National Security
- Network infrastructure
- Phone service
- Public policy
- Quality of life
- Regional infrastructure
- Research
- Resilient infrastructure
- Resource use efficiency
- Roads
- Sanitation
- Scientific research
- Society
- Sustainable industrialisation
- Sustainable infrastructure
- Technological capabilities
- Technology
- Trade
- Trans-border infrastructure
- Transport
- Value chains
- Value chains and markets
- Water infrastructure
- Water resources

Examples of Related courses:
- Design and technology of sustainable buildings
- Internet infrastructure technologies
- Management of infrastructure megaprojects
- Energy Futures, Globalization and Sustainability
Aim of This Goal:  
Reduce Inequality Within and Among Countries

Topics covered under this SDG include:
- Sustainable income Growth
- Social, Economic and Political inclusion
- Equal Opportunity and Reduce inequalities
- Fiscal, Wage and Social Protection Policies
- Improve The Regulation and Monitoring of Global Financial Markets
- Enhanced Representation and Voice for Developing Countries in Decision-Making in Global International Economic and Financial Institutions
- Planned and Well-Managed Migration Policies
- World Trade Organization Trade Agreements
- foreign Direct Investment in Developing Countries
- Migrant Remittances

Keywords:
- Foreign investment
- Gender
- Global financial markets
- Health
- Homelessness
- Homophobia
- Human rights
- Inclusion
- Income growth
- Income inequality
- Indigenous
- Inequalities
- Inequality
- Migrant remittance
- Migration
- Population growth
- Poverty
- Public policy
- Quality of life
- Race
- Racism
- Reduce inequalities
- Religion
- Rural
- Sex
- Sexism
- Social protection
- Society
- Vulnerable nations
- World trade

Examples of Related courses:
- Business and human rights
- Class, wealth and poverty: inequality and injustice in Hong Kong
- Human Rights in Hong Kong
- Gender and society
Aim of This Goal:  
Make Cities and Human Settlements Inclusive, Safe, Resilient and Sustainable

Topics covered under this SDG include:

- Access to Adequate, Safe and Affordable Housing and Basic Services
- Access to Sustainable Transport Systems
- integrated and Sustainable Human Settlement Planning
- Safeguard The World’s Cultural and Natural Heritage
- Reduce Disaster-Related Deaths and Economic Loss
- Environmental Impact of Cities
- Green and Public Spaces
- Economic, Social and Environmental Links Between Urban, Per-Urban and Rural Areas
- integrated Policies and Plans towards inclusion, Resource Efficiency, Mitigation and Adaptation to Climate Change, Resilience to Disasters
- Building Sustainable and Resilient Buildings in Developing Countries

Keywords:

- Inadequate housing
- Informal settlements
- Infrastructure
- Land
- Land consumption
- local materials
- mitigation
- Natural disasters
- Natural heritage
- Overcrowding
- Pollution
- Population
- Population growth
- Public Spaces
- Public transport
- Resilient
- Resilient buildings
- Resource efficiency
- Resource needs
- Risk reduction strategy
- Road safety
- Safe cities
- Shanty
- Slums
- Smart cities
- Solid waste
- Suburban
- Sustainable
- Sustainable building/s
- Sustainable cities/city
- Sustainable communities
- Sustainable urbanisation
- Town planning
- Transport
- Transport systems
- Urban
- Urban development
- Urban planning
- Urban sustainability
- Urbanisation
- Waste
- Waste generation
- Waste management
- Water
- Water-related disasters
Examples of Related courses:

- Energy Futures, Globalization and Sustainability
- Housing economics
- Urban development and evolution in Hong Kong
Aim of This Goal:
Ensure Sustainable Consumption and Production Patterns

Topics covered under this SDG include:
- Sustainable Consumption and Production (SCP)
- Natural Resource Management
- Food Losses Along Production and Supply Chains
- Environmentally-sound management of Chemicals and All Wastes Throughout Their Life Cycle
- Recycling of Resources
- Sustainability Reporting
- Sustainable Policies of Companies
- Sustainable Development Education topics
- Research and Development for Sustainable Consumption and Production and Environmentally Sound Technologies
- Sustainable tourism Strategies or Policies
- Recycling of Resources
- Sustainability Reporting
- Sustainable Policies of Companies
- Sustainable Development Education topics
- Research and Development for Sustainable Consumption and Production and Environmentally Sound Technologies
- Sustainable tourism Strategies or Policies
- Fossil-Fuel Taxation and Subsidies

Keywords:
- Greenhouse Gasses
- Harvest losses
- Life cycle
- Market Distortions
- Materialism
- Materials goods
- Monitoring sustainable development
- Natural resources
- Obsolescence
- Overconsumption
- Production
- Recycle
- Recycling
- Reduce waste generation
- Reduction
- Renewable
- Resource efficiency
- Responsible production chains
- Retail
- Retail industry
- Reuse
- Sustainable
- Sustainable consumption
- Sustainable management
- Sustainable practices
- Sustainable production
- Sustainable public procurement
- Sustainable resource use
- Sustainable supply chain
- Sustainable tourism
- Vehicles
- Waste
- Wasteful consumption
- Water
- Water pollution
- Water supply

Examples of Related courses:
- Nature conservation for sustainable societies
- Sustainable building systems
- Sustainable food production
Aim of This Goal:  
*Take Urgent Action to Combat Climate Change and its Impacts*

Topics covered under this SDG include:
- Climate-Related Hazards and Natural Disasters
- National Policies on Climate Change
- Education and Awareness-Raising Programmes on Climate Change
- International Green Climate Fund
- United Nations Framework Convention on Climate Change

Keywords:
- CO₂ capture
- CO₂ conversion
- COP 21
- COP 22
- Ecosystems
- Emissions
- Extreme weather
- Extreme weather events
- Global mean temperature
- Global temperature
- Global warming
- Greenhouse gas
- Greenhouse gas emissions
- Greenhouse gases
- Ice loss
- Low-carbon economy
- Natural disasters
- Natural systems
- Ocean warming
- Paris Agreement
- Pollution
- Renewable
- Sea level rise / Rising sea / Rising sea level
- Temperature
- Warming

Examples of Related courses:
- Climate change and social responses
- Climate change and the environment
- Climate change, environmental resources and human carrying capacity in China
Aim of This Goal:
*Conserve and Sustainably use the Oceans, Seas and Marine Resources for Sustainable Development*

Topics covered under this SDG include:
- Marine Pollution
- Marine and Coastal Ecosystems Protection
- Ocean Acidification
- Sustainable Fishing
- Coastal and Marine Area Conservation
- Combat Illegal, Unreported and Unregulated Fishing
- Sustainable Fisheries Market
- Marine Technology Research
- Policies on Small-Scale Fisheries
- National Policies on Conservation and Sustainable Use of the Oceans and Their Resources

Keywords:
- Global warming
- Illegal fishing
- Kelp
- Law of the Sea
- Marine
- Marine areas
- Marine biodiversity
- Marine ecosystems
- Marine fisheries
- Marine Parks
- Marine pollution
- Marine resources
- Ocean
- Ocean acidification
- Ocean temperature
- Oceanography
- Oceans
- Overfishing
- Productive oceans
- Protected areas
- Seagrasses
- Seas
- Sustainable ecosystems
- Unregulated fishing
- Water resources and policy

Examples of Related courses:
- Fish and fisheries
- Hong Kong: Our Marine Heritage
- Marine biology
- Marine invertebrate zoology
Aim of This Goal:
Protect, Restore and Promote Sustainable Use of Terrestrial Ecosystems, Sustainably Manage Forests, Combat Desertification, and Halt and Reverse Land Degradation and Halt Biodiversity Loss

Topics covered under this SDG include:

- Conservation, Restoration and Sustainable Use of Terrestrial and Inland Freshwater Ecosystems and Their Services
- Sustainable Forest Management
- Land Degradation Due to Desertification, Drought and Floods
- Conservation of Mountain Ecosystems
- Degradation of Natural Habitats
- Sharing of The Benefits Arising from The Utilization of Genetic Resources
- Poaching and Trafficking of Protected Species of Flora and Fauna
- Illegal Wildlife Products
- Impact of Invasive Alien Species on Land and Water Ecosystems
- Integrate Ecosystem and Biodiversity Values into National and Local Planning
- Financial Resources to Conserve and Sustainably Use Biodiversity and Ecosystems
- Finance Sustainable Forest Management
- Poaching and Trafficking of Protected Species

Keywords:
- Genetic resources
- Illegal wildlife products
- Illicit trafficking
- Indigenous
- Indigenous populations
- Invasive alien species
- Land conservation
- Land degradation
- Land loss
- Land use and sustainability
- Manage forests
- Managed forests
- Micro-organisms
- Permaculture
- Plants
- Poaching
- Poverty
- Protected fauna
- Protected flora
- Protected species
- Reforestation
- Soil
- Soil degradation
- Species
- Strategic plan for biodiversity
- Terrestrial ecosystems
- Threatened species
- Tree
- Tree species
- Wetlands

Examples of Related courses:
- Ecology & biodiversity project
- Ecosystem functioning and services
- Conservation and management of geological resources
**Topics covered under this SDG include:**

- Reduce All forms of Violence and Related Death Rates
- Abuse, Exploitation, Trafficking and All forms of Violence Against and torture of Children
- Rule of Law at The National and International Levels
- Reduce Illicit Financial and Arms Flows
- Reduce Corruption and Bribery
- Effective, Accountable and Transparent institutions
- Government Financial Disclosure
- Responsive, inclusive, Participatory and Representative Decision-Making
- Participation of Developing Countries in The institutions of Global Governance
- Birth Registration
- Public Access to information and Protect Fundamental Freedoms, in Accordance with National Legislation and International Agreements
- Strengthen Relevant National institutions, including Through International Cooperation, for Building Capacity at All Levels
- Non-Discriminatory Laws and Policies for Sustainable Development

**Keywords:**

- Governance
- Hate crime
- Human rights
- Human trafficking
- Illegal arms
- Illicit financial flows
- Inclusion
- Inclusive institutions
- Inclusive societies/society
- Institutions
- Internally displaced
- Judiciary
- Justice
- Justice for all
- Legal identity
- National Security
- Non-violence
- Organized crime
- Paris principles
- Peace
- Peaceful societies
- Physical abuse
- Police
- Prevent violence
- Psychological abuse
- Public policy
- Quality of life
- Representative decision-making
- Rule of law
- Security threats
- Sexual abuse
- Sexual violence
- Stolen assets
- Tax evasion
- Theft
- Torture
- Trafficking
- Transparency
- Un-sentenced detainees
- Unstable societies
- Victims of violence
- Violence
Keywords (Con’t):
- Violence against women and children
- Violence rates
- Weapon seizures

Examples of Related courses:
- Governance and Democracy in the Age of Globalization
- Corporate Governance and Shareholder Remedies
- Corruption and Anticorruption in China
- Power, Leadership, and Legitimacy in a Globalizing World
Aim of This Goal:
Strength the Means of Implementation and Revitalize the Global Partnership for Sustainable Development

Topics covered under this SDG include:
- Domestic Financial Resource Mobilization
- Financial Assistance to Least Developed Countries
- Foreign Direct investments for Developing Countries
- Debt Financing, Debt Relief and Debt Restructuring for Developing Countries
- Investment Promotion Regimes for Least Developed Countries
- Science and Technology Cooperation Agreements and Programmes Between Countries
- Development, Transfer, Dissemination and Diffusion of Environmentally Sound Technologies to Developing Countries
- Internet Coverage in Developing Countries
- International Support for Implementing Effective and Targeted Capacity-Building in Developing Countries for Sustainable Development
- Multilateral Trading System Under the World Trade Organization
- International Trade Markets
- International Trade Quotas and Duties
- Macroeconomic Policies
- Sustainable Development Policies
- International Cooperation
- Multi-Stakeholder Partnerships
- Public, Public-Private and Civil Society Partnerships
- Capacity-Building Support to Developing Countries
- Statistical Capacity-Building in Developing Countries

Keywords:
- Knowledge sharing
- Multi-stakeholder partnerships
- Poverty eradication
- Public-private partnerships
- Science cooperation agreements
- Technology cooperation agreements
- Technology transfer
- Weighted tariff average
- Women entrepreneurs
- World Trade Organization

Examples of Related courses:
- Global Entrepreneurship
- Becoming a change maker: Skills & practice for effective social entrepreneurship & social innovation
